

**To:** All NMR Facility Users  
**From:** John Harwood (jharwood@purdue.edu)  
**Date:** August 19, 2009  
**Subject:** Jason Thornton - NMR TA Staff

I would like to announce that Jason Thornton from the Raftery group has joined the PINMRF TA staff. Jason's primary responsibility will be user training and routine maintenance on the CMX400 solids instrument. He will also assist with the Facility's Bruker and Varian user training as well as nitrogen fills and general maintenance. I am sure he will do great work in the Facility. Please join me in welcoming Jason to PINMRF.

If you have any questions or comments, please feel free to contact me.
